

## Principal's Message

As principal of JNV Hassan, I feel highly exalted as the Vidyalaya moves towards excellence to stand shoulder to shoulder with other CBSE schools at the national level. The students of our Vidyalaya are bestowed with immense wisdom, thanks to the tireless effort put in by the staff members. As a good team, we are committed to providing safe and intellectually conducive atmosphere to face the emerging challenges in this age of knowledge explosion. The alumni are very strong and supportive in all the internal and external activities of the Vidyalaya in general and the students in particular. All the teaching and non teaching staff along with the alumni and PTC put their heads and shoulders together for the all round welfare and well-being of the Vidyalaya, as the ultimate motive. We lay stress upon improving the multifaceted talents of children predominantly from rural areas with a view to enhancing the standards of living of the rural lot.
